SABRe MRO: Publication of Revision 2.3

Originator: Michael Bolton
Job Title: Quality Manager – Capability
Business Unit: Group Quality

NTS Number: 617
Issue: 1
Date: 21 November 2024

For the attention of those in Quality Management or similar roles

Scope/Applicability: All supplier partners who supply products and/or services related to Rolls-Royce contracts/purchase orders requiring SABRe MRO (Maintenance Repair and Overhaul Requirements).

Dear Supplier Partner,

As you will be aware, SABRe Maintenance Repair and Overhaul (MRO) exists to establish contractual quality requirements specific to our aftermarket supply chain to maintain and improve safety and quality performance.

SABRe MRO has been up-issued to Revision 2.3 to enhance our Product Safety Governance and controls across the MRO Network. It also updates A.45-1 (requirement for updates to documented information) to avoid contradicting NAA requirements.

Updated items within SABRe MRO 2.3 have been highlighted in red text for easy identification.

Action Required:

Impacted supplier partners are required to:

- Review SABRe MRO Revision 2.3
- Transition to SABRe MRO Revision 2.3 by no later than 31st March 2025.

Thank you for your continued cooperation.
