Dear Supplier Partner,

As you will be aware, events in the Middle East remain dynamic and fast-moving. To ensure we protect our business and our customers, it's crucial that Rolls-Royce and our global supply chain are taking all necessary steps to mitigate any potential delivery impact this situation could cause.

Action required:

As part of our standard business continuity management processes, we request that any suppliers who have a known or expected impact to deliveries as a result of this situation make it known to their usual Rolls-Royce point of contact as soon as possible.

Thank you for your continued cooperation.
